## ... Foreword ...

### ... Fifty Years of Progress ...

Fifty years have passed since the first class graduated from Winslow High School. The past fifty years have been marked by steady growth and progress at W.H.S.

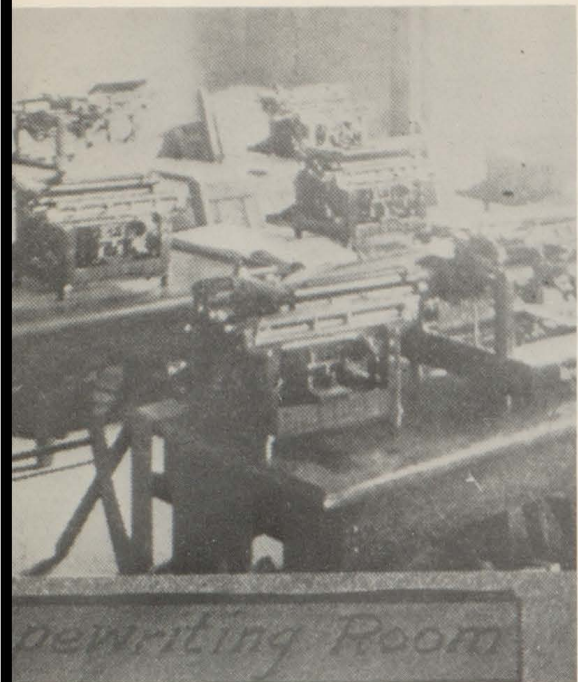

Over the years, the METEOR has served as a ready reminder of events. We, the members of the METEOR staff, offer "Golden Memories" with the hope that the activities recorded on these pages will provide memories of 1962-63 for many years to come.

## EDITOR'S PAGE

Meteor, as defined by Webster: "Any Phenomenon in the atmosphere, as whirlwinds, hail, rainbows, halos, or shooting stars."

We your Meteor staff, hope that this Golden Edition of your 1962-63 Meteor will have all these meanings and many more for you.

This is the close of the 50th year at Winslow High School. We hope we have been able to preserve many memorable moments for you as you look through events from September 1962 to June 1963.

As your Editor I have many to thank—

A special thanks to Mr. Harvey Moody. Without his efforts we would have not accomplished our goal.

To Maureen McKim, my Assistant Editor and to the entire staff I especially want to say thank you, your efforts were untiring.

Our Photographers, with their ever ready flash, were most co-operative and helpful.

Many thanks to our advertisers, without their help we would be unable to have our annual.

Now the great Phenomenon is leaving the atmosphere and only the memory of having experienced it lingers on.

May you enjoy your book, we have enjoyed editing it for you.

Farewell,

Helen Kaye Jensen
